EXECUTIVE SUMMARY

The Rex Theatre is a community owned and operated Theatre in Charlton with a remarkable history and bright future. Serving the rural towns of Birchip, Boort, Donald, Wedderburn and Wycheproof.

The Rex Theatre strengthens community through shared experiences of cinema, live entertainment, meetings and celebrations. Locals place a very high value on maintaining the role of The Rex Theatre in the Region.

This is demonstrated through financial investment from local owners, dedicated volunteers and loyal audiences.

This strategy builds on strong foundations. It provides a pathway to guide the Board, informed by community. In 2023 The Board of Management

secured a grant through the Foundation for Regional and Rural Renewal, funded by ANZ's Seeds of Renewal Program to develop this strategy.

The grant supported five in person workshops and one online survey to capture community members interests and needs from The Rex Theatre. Eighty-six community members contributed to the development of the strategy. Twenty-six attended in-person workshops held in Charlton (16 participants not including board members), Wycheproof (2) Birchip (2) Donald (1) and Wedderburn (5). A further 60 community members shared ideas and feedback in an online survey.

The Board of Management worked closely with community to shape input into five areas of strategic priority. They include:

PRIORITY	OUTCOME
VIABLE SOCIAL ENTERPRISE	The Rex Theatre is a sustainable social enterprise, with strong leadership, governance and operations. People and place are cared for through clear policies and procedures.
VOLUNTEERS	The Rex Theatre is operated by a diverse mix of highly engaged, valued and skilled volunteers. Our volunteers value communication from The Rex Theatre and that they feel 'seen' and appreciated for their contribution.
AUDIENCE	Increase and broaden our audience & diversify income streams. Consolidate existing audiences.
MAXIMISE SPACE AND ASSETS	Diversify uses for the venue. Increase revenue by making the most of our spaces, equipment, and technology.
COMMUNITY AND CONNECTION	The Rex Theatre works in partnership across the region for the benefit of community members.

Board Members participated in a workshop to identify the vision, values and purpose of The Rex Theatre. The Board captured the essence of this beloved community asset to inform future partnerships and programming. The Board can now evaluate future opportunities based on their alignment with strategic priorities, vision, values and purpose of The Rex Theatre.

Finally, this strategy categorises activities to achieve the above outcomes into three time horizons.

-  **Now** - in the coming 12 months,
-  **Next** (dependent on increased human and financial resources) and
-  **Later** - assigned to activities which require complex partnerships, energy and investment.

We are passionate about the work we do. We are constantly energized by the endless possibilities of the creative arts.

OUR VISION

Our communities are strengthened and enriched by entertainment and creative experiences.

OUR PURPOSE

We exist to:

- Provide unique entertainment experiences for our communities and visitors.
- Attract visitors to The Rex Theatre.

We embrace the value of the creative arts in helping us better know ourselves and others.

VIBRANCY

We are passionate about the work we do. We are constantly energized by the endless possibilities of the creative arts.

OUR AUDIENCE

Understanding and building our audience

The Rex Theatre serves diverse rural townships and communities across a large geographic region. Audience members and volunteers travel up to an hour to the theatre. Understanding our audience and their interests is key to maintaining loyal, engaged patrons. The Rex Theatre's film selection sub-committee play a vital role in programming for the community.

Communicating with our audience

Website and social media

The Rex Theatre's website and social media is highly effective in engaging community members. The strong appreciation for The Rex Theatre's digital presence and information sharing was amplified in workshop and survey feedback. Some older members of the community shared a preference for paper based programs and letter drops to keep them informed.

"Part of the magic of going to the movies is the spontaneous communal reactions we experience..."

~ Brenton Harris

Community Connection

"Part of the magic of going to the movies is the spontaneous communal reactions we experience. Be it shrieking at a jumpscare, laughing at a joke, cheering after a moment of triumph or bursting into tears in public because that last scene was just too sad. Each of these reactions, bond us not just to the film on screen, but to each other, as human beings. It's as if for the duration of the running time, we are one with ourselves and each other. One giant, interconnected, cinema loving (or in some cases, loathing) organism, existing in and for the moment. It's an experience familiar to us all, and a reminder of the power and importance of community in our physical and mental wellbeing."

Brenton Harris, The Australian Community Cinema Project putting the love back into movie going.

Comingsoon.net

Overwhelmingly, the primary theme emerging from community consultation for this strategy was simply, 'we must keep The Rex Theatre open.' Community members expressed gratitude for the many ways experiences at The Rex Theatre increased their sense of belonging, connection and wellbeing. In a region where many community members are physically isolated, The Rex Theatre plays a vital role in building and maintaining friendships and connections.

MEASURES OF SUCCESS

This ten-year strategy will be reviewed on an annual basis. The board of directors will review progress toward achieving each outcome, using the measures of success for each area of priority included on pages 11-19.

The board will undertake a major review of the strategic plan in five years, which will include community consultation to test whether the

priorities, objectives and direction set out in this plan are still current, relevant and valued.

The community are invited to contribute ideas and opinions on the Strategy and its delivery at any time, and these comments will be a valued contribution to the Board in its annual and 5 year reviews.

"We must keep The Rex Theatre open."

1. Viable Social Enterprise & Continuity
2. Volunteers
3. Audience
4. Maximise Space and Assets
5. Community and Connection

PRIORITY **Viable Social Enterprise & Continuity**

OUTCOME The Rex Theatre is a sustainable social enterprise, with strong leadership, governance and operations. People and place are cared for through clear policies and procedures.

Item	Idea	What would this require?	What would be the results?	What risks need to be considered?	When?	Measure of Success
1.1	Strategic Board of Directors focused on the future.	Board Meetings focus on implementing the strategy, partnerships, community engagement and measuring impact.	Board members skills, time and energy are channeled into high value activities.	Hard to recruit volunteers as it is. New volunteers need induction and training.	●	Appoint critical meeting reviewer. Score board meetings focus on high value work/10
1.2	Annual Operating Budget	Develop an annual operating budget, including target revenue and expenditure. Separate operational and capital financial reporting.	Provide a clear benchmark to measure actual operational income and expenditure. Allow the board to accurately monitor the financial performance (budget VS actual) of The Rex Theatre in real time.	Diverse levels of experience and confidence reading financial reports.	●	Annual operations budget produced. Budget VS actual financial reports produced monthly.

1.3	Annual Board Calendar	<p>Establish an annual calendar for the Board.</p> <p>Consider reviewing one area of strategic priority at each board meeting.</p> <p>Consider times of the year the board is likely to be focused on ACNC reports etc.</p> <p>Include a meeting for annual review of the Strategic Plan.</p>	<p>Great tool to manage board meetings.</p> <p>Support new board members with planning.</p> <p>Ensure sufficient time is allocated to explore different areas of focus.</p> <p>No room for blind spots or omission as each area of priority has time in the spotlight.</p>	Needs to be flexible- do not restrict the board's ability to ask questions across all areas in any meeting.		Annual calendar implemented. Board meetings focused on themes in the annual calendar.
1.4	Succession	<p>Identify community members with an interest in The Rex Theatre, music or theatre.</p> <p>Invite them to consider joining the Board.</p> <p>Develop expressions of interest.</p>	<p>Reduce dependance on small group of dedicated volunteer board members.</p> <p>Increase the resilience of The Rex Theatre Board.</p> <p>Invite fresh thinking, ideas and energy.</p>	Risk losing great board members too soon, when they would be happy to continue making a contribution.		Register of expression of interest developed. Board skills matrix developed.
1.5	Diversify our revenue	<p>Explore opportunities to diversify income through fundraising, philanthropy, bequests and grants.</p>	<p>Potentially access valuable one-off donations.</p>			Increased income from non-operational activities.
1.6	Ensure ongoing financial viability	<p>A long term sustainable financial plan for Operations.</p> <p>Someone to develop this.</p>	<p>The Rex Theatre sustainable for 20 years plus</p>	Lack of diversity and community relevance.		Sustainable annual and 5 year reviews
1.7	Diversify professional connections across the Performing Arts	<p>A person or committee to connect to our Region, the State and Metro Arts organisations and funding bodies</p>	<p>Greater diversity and connections of scope of performances and operations</p>	Lack of ability, skills and knowledge of the broader Arts community to be able to connect.		Whether greater diversity has occurred. Connections to the Region, Bendigo and Melbourne.

PRIORITY **Volunteers**

OUTCOME The Rex Theatre is operated by a diverse mix of highly engaged, valued and skilled volunteers. Our volunteers value communication from The Rex Theatre and feel seen and appreciated for their contribution.

Item	Idea	What would this require?	What would be the results?	What risks need to be considered?	When?	Measure of Success
2.1	Develop a volunteer plan	<p>Capture a description of all the different voluntary roles at The Rex Theatre.</p> <p>Include job roles for volunteers to achieve the outcomes in this strategic plan.</p> <p>Describe how volunteers will be recruited, upskilled and celebrated.</p> <p>Market voluntary roles to people in the region with the skills to embrace them, e.g. marketing, event management, business partnerships could all be taken on as discreet roles.</p>	<p>Leveraging the skills and experience of community members by giving them smaller, achievable tasks under a broader umbrella of effort.</p> <p>Could potentially engage volunteers from outside the region.</p>	<p>Without a volunteer coordinator, this idea could demand more time and energy from existing board members in managing new volunteer positions. It really needs a connector at the center.</p>	●	<p>Plan complete.</p> <p>Includes clear role descriptions for all volunteer positions.</p>

2.2	Recruit a volunteer coordinator	<p>Securing funds, (or a generous person) to coordinate all the Rex Theatre's volunteers.</p> <p>Develop and review role descriptions for volunteers. Set and manage the roster.</p> <p>Review policy and procedures for volunteers.</p>	<p>Serve as a conduit between the board and volunteers and keep volunteers engaged and feeling valuable.</p> <p>Free up Board Members to focus on growing the audience and attracting investment for events.</p> <p>Consider student placement, from HR courses at University or TAFE as one potential channel for recruitment.</p>	<p>The volunteer coordinator would need exceptional people skills. The Rex Theatre faces a high risk to its reputation and volunteer support if the coordinator's communication and engagement skills were not adequate for the role.</p>		<p>Volunteer coordinator in place by the end of 2023.</p>
2.3	Celebrate the work of volunteers	<p>Invite The Rex Theatre's volunteers in for an annual community celebration.</p> <p>Ask locals who are not yet volunteers to come and serve our volunteers for a day- hopefully recruiting some new volunteers in the process.</p> <p>Formally thank volunteers-publish their names, include photographs of volunteers on the walls in the gallery space, or in the front window (being mindful of volunteers privacy and wishes.)</p>	<p>Foster connections between volunteers.</p> <p>Make volunteering desirable.</p> <p>Celebrate the benefits of volunteering to new audiences.</p>	<p>Hosting a community event requires time and energy from a volunteer committee!</p>		<p>Annual volunteer day</p>
2.4	Make volunteering desirable for young people	<p>Highlight the skills and experience gained through volunteering at The Rex Theatre.</p> <p>Show the connection between finding paid employment and having entry level skills.</p> <p>Offer a certificate for young people who volunteer including a summary of tasks they carried out.</p>	<p>Support young people transition to paid employment.</p> <p>Increase the skills and confidence of young people.</p> <p>Provide channels for social interaction and positive feedback loops. Importantly- provide this outside of the sporting arena for young people who do not enjoy team sport.</p>	<p>Needs the support of a volunteer coordinator to plan and manage.</p>		<p>Certificate developed highlighting skills obtained by volunteers by the end of 2024.</p>
2.5	Offer volunteers incentives	<p>Offer volunteers x number of tickets, popcorn, and drinks per year for their work.</p>	<p>Attract new volunteers.</p> <p>Give existing volunteers greater recognition and reward.</p>			<p>Incentives in place.</p>
